

A large, ornate silver ice bucket is the central focus, containing several bottles of champagne with gold and pink foil. In the foreground, a black tray holds a variety of Ladurée macarons and small pastries, including orange, pink, and green ones, some topped with cream and fruit. The background shows a white wall with decorative moldings.

Ladurée, expert in providing Luxury corporate experiences

The story of the Ladurée macaron starts in the middle of the 20th century with Pierre Desfontaines, who had the idea of sticking two macaron shells together and filling them with a delicious ganache.

Since then, the recipe remains unchanged.
